

Stay the Day Courtesy Parking Pass

A special visitor courtesy parking pass, **Stay the Day**, is now available in Downtown Bay City. This pass program is designed to encourage visitors to come to Downtown Bay City and spend the day – or as much time as they want - shopping, dining and enjoying our cool downtown. Our goal is to provide an option for free parking that is simple and welcoming, and allows unlimited parking in convenient parking spots throughout Downtown.

Here's how it works!

1. Look for the **Stay The Day** signs in participating business's windows and at their inside counters.
2. Go to one of those designated shops and restaurants and ask for a **Stay the Day** pass. The business will fill in the information required on the pass which includes the day it can be used.
3. Return to your vehicle and hang the pass from the rearview mirror, reading out, so that it can be clearly seen by our Downtown Parking Ambassadors.
4. When you leave, just simply throw the pass away. Each pass is good for the single day written on the front. It does not need to be returned.
5. For your next visit, get a new dated pass from one of the following businesses.

Current Participating Businesses, April 2016
